HL985A WHEEL LOADER

Engine Power 430 HP (321 kW) 2100 rpm **Bucket Capacity** 6.5 - 7.0 m³

Operating Weight 33800 kg

READY TO CHALLENGE ON PERFORMANCE

The HL985A is powered by an eco-friendly Cummins X12 Stage V engine, making it easy to handle heavy-duty work in extreme conditions. Its power is complemented by a range of new technologies that enhance performance and fuel efficiency, while keeping harmful emissions and Total Cost of Ownership (TCO) to a minimum. And with proven parts from premium suppliers like ZF, KPM and Parker, reliability comes as standard.

EU Stage V Engine

The X12 Cummins engine delivers high engine output but uses less fuel. And like all A-Series machines, the HL 985A features our all-in-one exhaust aftertreatment system, which cuts emissions and operating costs while enhancing reliability and simplifying maintenance.

◆ Hydraulic differential lock

For extra efficiency when working in tough conditions, this feature provides maximum traction and prevents tyre slip for improved productivity.

Eco Report

The Eco Report makes it easy for operators to develop efficient working habits by displaying real-time information about machine performance.

5 Speed lock up clutch

The 5 speed gearbox allows operators to match the right gear to the current workload, lowering consumption and operational costs.

▲ Two pass loader

The loader is designed to use 6.5-7 m³ capacity buckets, enabling it to easily load a truck in 2 passes, speeding up work and lowering the TCO.

Weighing system

As standard, this system enables accurate weighing to support efficient production management.

READY TO CHALLENGE ON DURABILITY

The true value of the HL985A, which is now far more powerful, is revealed in tough working environments. With the high-strength design structure and enduring system proven by rigorous road tests at various work sites, Hyundai wheel loaders can perform any high-load work to maximize productivity.

Quality materials

The lifting frame of the HL985A is made of high-strength steel and subjected to a heat treatment process to make the frame much more durable.

▶ High quality hydraulic hoses

High-grade hoses with outstanding resistance to heat and pressure provide maximum durability, even in tough working conditions.

▶ Heavy-duty axles

The HL985A features premium quality axles with enhanced load capacity for better reliability and durability.

Auto greasing system OPTION

The optional auto greasing system is designed to automatically lubricate when it is needed. Uniform application of lubricant ensures that the lubrication points always have the correct amount of grease.

▶ Axle oil cooling system

A dual axle oil cooling system as standard prevents overheating during high-load work or tasks requiring frequent braking. This helps increase uptime, while further reducing TCO.

READY TO CHALLENGE ON COMFORT

The HL985A cabin was designed as a productive, stress-free working environment that fits every operator perfectly. Comfortable and spacious, it features state-of-the-art noise and vibration reduction technology and a wide, adjustable seat and armrest that ensure easy reach to all controls. A range of new technologies like soft end stop, ride control and a new improved cluster, enable easier machine monitoring and keep you relaxed during your working day.

Comfortable cabin

A well-equipped, comfortable and fully soundproofed spacious cabin is designed to help operators work longer and more productively. It features a large, fully adjustable seat and armrest plus industry leading noise reduction technology.

▶ Centralized monitor and switches

A 7" touch screen monitor provides excellent legibility, while important machine status is displayed in one centralised cluster to enable easy, efficient control.

Air compressor OPTION

Available as option, this feature can be used to make cleaning inside the cabin easy for operators.

▶ Remote door control OPTION

The cabin door can be opened remotely for added safety and convenience.

Electric side mirror NEW

Electric side mirrors can be operated from inside the cab for added convenience and safety.

Easy operating

Electric joysticks help the operator with low effort and precise control. A bucket priority function and auxiliary flow control can be enabled via the monitor.

READY TO CHALLENGE ON SAFETY

Hyundai Wheel Loaders provide operators with the safest and most comfortable space possible for more efficient working. The latest monitoring technology offers a complete 360-degree view and detects static and moving objects to keep both operator, machine and pedestrians safe. LED lights and other new features allow peace of mind working in difficult conditions.

AAVM OPTION

The AAVM (All Around View Monitoring) including IMOD (Intelligent Moving Object Detection) detects moving objects (i.e. people) around the machine by analysing the images. It also displays a warning sign on a monitor if there is a danger. This allows the operators to watch the surroundings in a variety of angles through the monitor and prevent accidents in advance.

Rear-view camera

This standard equipment gives operators an unobstructed view to the rear of the machine, helping to avoid accidents while working.

Seat belt warning alarm NEW

An alarm sounds to remind the operator to put on the safety belt.

Radar system NEW OPTION

The optional radar system detects obstacles behind the machine day and night, with no blind spots. The distance between the obstacle and the loader is displayed on the secondary monitor.

Emergency stop NEW

In an emergency, operating the Emergency Stop switch located at the bottom of the seat will shut down the engine.

LED lighting OPTION

Work safely at night and in low-light environments with LED lights as standard.

SERVICEABILITY & TELEMATICS

With improved diagnostics and a new machine layout, the HL985A is designed to make servicing and maintenance even easier. Al-based digital technologies are helping to maximize connectivity, productivity and safety to help your business become even more successful. Hyundai's Hi MATE remote management system is integrated to provide the highest level of service and support, while our new Engine Connected Diagnostics (ECD) system immediately reports any engine failure to both Hi MATE and the engine manufacturer to ensure the fastest possible resolution.

♠ Fully opening engine hood

The tilt-back engine hood is fully retractable and can be opened electrically for improved access to the sealed engine and cooling room, allowing easy cleaning and maintenance.

Wide core radiator

The HL985A has a dependable wide-fin air cooler that prevents performance degradation caused by contamination. This reduces clogging and costly downtime.

Automatic reversible fan

Fitted as standard for greater machine efficiency and durability, it automatically adapts to oil temperature - turning less when cold and more when hot.

■ Easy filter replacement

With easy filter replacement your machine can be managed more easily, saving you time and money while ensuring it's performing to its optimum.

HIMXTE

It's convenient, easy and valuable. Hi MATE, Hyundai's remote management system, utilises GPS-satellite technology to provide customers with the highest level of service and product support available.

Increase productivity

By providing information such as service hours, idle time and fuel consumption, Hi MATE saves you money and improves productivity. Service alerts enable better maintenance planning.

Monitor your machines

Hi MATE's real-time location information allows convenient monitoring of your equipment via the Hi MATE website or mobile app.

Improve Security

Protect your equipment from theft or unauthorised usage. Hi MATE's geofencing alerts notify you automatically when a machine leaves a predetermined zone.

ECD

(Engine Connected Diagnostics)

ECD provides troubleshooting information as well as tailored servicing. Service technicians are supported with remote diagnostics allowing them to achieve quick resolution rate

Mobile fleet app

Our Mobile Fleet app provides all the information you need to run your fleet efficiently and economically.

HCE-DT Air connects
your equipment
wirelessly, right on site,
with service personnel.

Keeping you covered

Hyundai genuine parts and accessories are designed to keep your machine running at optimum performance, providing increased uptime, comfort and productivity. Our 13000m² European Parts Warehouse guarantees 24-hour

delivery across our dealer network.
Hyundai Standard and Extended
Warranty Programmes are also available,
providing peace of mind and giving you
full control over your operating costs.

HL985A **SPECIFICATIONS**

SPECIFICATIONS	HL985A
ENGINE	
Manufacturer / model	CUMMINS / X12 EU Stage V
Туре	6 cylinder, water-cooled, 4-cycle, waste gate turbocharged, charge air cooled, direct injection, common rail, electronic controlled diesel engine
Aftertreatment system	DOC, DPF, SCR, without EGR
Gross power (SAE J1995)	321 kW (430 HP) at 2100 rpm
Net power (SAE J1349)	313 kW (420 HP) at 2100 rpm
Max. power	353 kW (473 HP) at 1700 rpm
Peak gross torque (SAE J1995)	2300 Nm at 1400 rpm
Displacement	11.8 ℓ
No. of cylinders	6
Bore × stroke	132 mm x 144 mm
Compression ratio	17:1
Air cleaner	Dry, two stage dual elements
Alternator	28 V - 110 Amp
Battery	2 x 12 V, 220 Ah
Starting Motor	24 V - 7.5 kW

- The indicated net power is available for the flywheel when the engine is equipped with a fan, alternator, air cleaner, and after-treatment device.

- The indicated gross power is obtained with the fan at maximum speed.

LS regulated, hydraulic driven fan with manual/ automatic reversal self-cleaning system

	•
CABIN	
ROPS (ISO 3741) / FOPS (ISO 3449) structure	•
Cab pressurized, sound suppression	•
Interior rear view mirror	•
Dual exterior rear view mirrors (main mirror electric adjustable and heated)	•
Foldable mirror stay	•
Wiper and washer, front and rear (interval function)	•
Steering wheel, tilt and telescopic	•
Steering wheel with knob Pallet type symphode (front window)	•
Roller type sunshade (front window) Roller type sunshade (rear window)	-
Tinted safety glass	•
Sliding window (lockable, left and right)	•
LH front hinged door	•
Remote cabin door un- / locking, opening	
Radio / USB Player / hands-free mobile	•
Rubber floor mat	•
Wrist rest	•
24 V to 12 V DC converter (20 A) with power outlet	•
AUTOMATIC CLIMATE CONTROL	
Air conditioner & heater (full automatic)	•
Defroster function	•
2-stage cabin air filtration	•

The bucket size must be chosen based on the density of the material and the expected fill factor.

HL985A

STANDARD/OPTIONAL EQUIPMENT

CAB & INTERIOR	5	STD/OPT
SEAT		
Air suspended, heated		•
4-way adjustable, seat mounted armrest		•
PERSONAL STORAGE SPACE		•
Console box		•
Magazine pocket		•
Cup holder		•
Coat hook		•
PEDALS		
Single brake pedal		•
Dual brake pedal		
Accel pedal		•

ENGINE	STD/OPT
Alternator, 28V, 110A	•
Batteries 2 x 220 Ah / 2 x 12 V	•
ENGINE, STAGE V	•
CUMMINS, X12	•
Cold start system (pre-heater)	•
Engine mode (eco, power smart, power)	•
Engine fuel priming pump	•
Fuel / water separator with water-in-fuel indicator	•
Steel fuel tank	•
Fuel fill strainer	•
DEF fill strainer	•
Engine air pre-cleaner	•
Centrifugal air pre-cleaner	
Radiator, wide core, stacked	•
Regulated, hydraulic driven, auto reversable fan	•
Fan guard	•
Fuel warmer (integrated in fuel filter)	•
Hyundai long life coolant	•
Coolant level sight gauge	•
Engine oil level dipstick gauge	•
Engine enclosure, lockable	•
CLEAN EMISSION MODULE	
DOC, DPF and SCR, no EGR	•

POWER TRAIN	STD/OPT
TRANSMISSION	
Transmission: computer controlled, electronic soft shift, auto-shift modes, clutch cut-off modes, kick-down features included	•
Torque converter	•
Transmission F5 / R3 with lock-up clutch	•
Transmission oil level sight gauge	•
Transmission oil cooler with thermostat	•
Axle cooling system (front and rear)	•
Travel speed limiter (20-40 km/h adjustable)	•
FRONT AXLE	
Heavy duty axle & hydraulic lock differential	•
REAR AXLE	
Heavy duty axle & open differential	•
BRAKING SYSTEM	
Dual brake circuit	•
Service brake (fully enclosed multi-plate wet disc)	•
Wheel speed brake	•
Parking brake (calliper on transmission output shaft, spring applied, pressure released)	•
TYRES	
875/65 R29, Triangle TB598 ★★, L3	•
29.5 R25, Triangle TB516 ★★, L3	

HYDRAULIC SYSTEM	STD/OPT
MCV 2 circuits (boom, bucket)	•
MCV 3 circuits (boom, bucket, aux)	-
Boom float position	•
Boom holding valve	•
EH Control (joystick), RH armrest mounted	•
EH Control (fingertip), RH armrest mounted	
EH steering joystick, LH armrest mounted	
Boom kick-out, automatic, lower and upper position	•
Bucket positioner, automatic	•
Soft end stop (cylinder end stroke dampening)	•
Aux circuit flow setting (15 steps)	
Fine control	•
Bucket over boom priority (selectable)	•
Ride control system	•
Extra piping for auxiliary function	
Quick coupler piping	
Hydraulic oil cooler	•
Hydraulic oil level sight gauge	•
Hyundai long life hydraulic oil ISO VG46	•
Hyundai long life hydraulic oil ISO VG32	
Hyundai bio hydraulic oil (HBHO)	

OTTIER	310/011
ATTACHMENT	
Loader linkage, sealed	•
Z-bar std lift frame	•
6.5m³ bucket, cutting edge, bolt-on type	
7.0m³ bucket, cutting edge, bolt-on type	
7.0m³ bucket, tooth & segments, bolt-on type	
OTHER	
Standard counterweight (2600kg)	•
Heavy counterweight (3500kg)	
Drawbar with pin	•
Lift and tie-down eyes	•
Vandalism protection cap locks	•
Customized paint	
ACCESSIBILITY	
Handrails (left, right)	•
Ladders (left, right)	•
Platforms (left, right, front frame)	•
Steps (left, right, front frame, engine)	•
Door and cabin locks, one key system	•
Doors, service access (locking)	•
Doors, service access (remote control)	•
SERVICE & MAINTENANCE	
Ground level access refilling (fuel + DEF)	•
Ground level access lubrication points	•
1 piece, electrical opening engine hood	•
Swing-out cooler (AC, hydraulic oil)	•
Grouped filters	•
Remote fluid drain ports	•
Tool box, lockable	•
Air compressor (gun inside cabin)	
Diagnostic pressure taps	•
Auto grease system	
GUARDS	
Fenders (front / rear)	•
Mud guard rear	•
Transmission	•
Cabin guard (front / rear)	0

HL985A

STANDARD/OPTIONAL EQUIPMENT

SAFETY	STD/OPT
Emergency engine shut-off switch	•
Emergency steering	•
Rear view camera (on main monitor)	•
AAVM (AVM + IMOD)	
Second monitor (rear camera, AAVM, radar)	
Radar	
Back-up alarm	•
Horn, electric	•
Articulation locking bar	•
Wheel chocks	•

SAFETY	STD/OPT
Hi MATE (mobile communication, 5y subscription)	•
ECD (Engine Connected Diagnostics)	•
